6. Demo

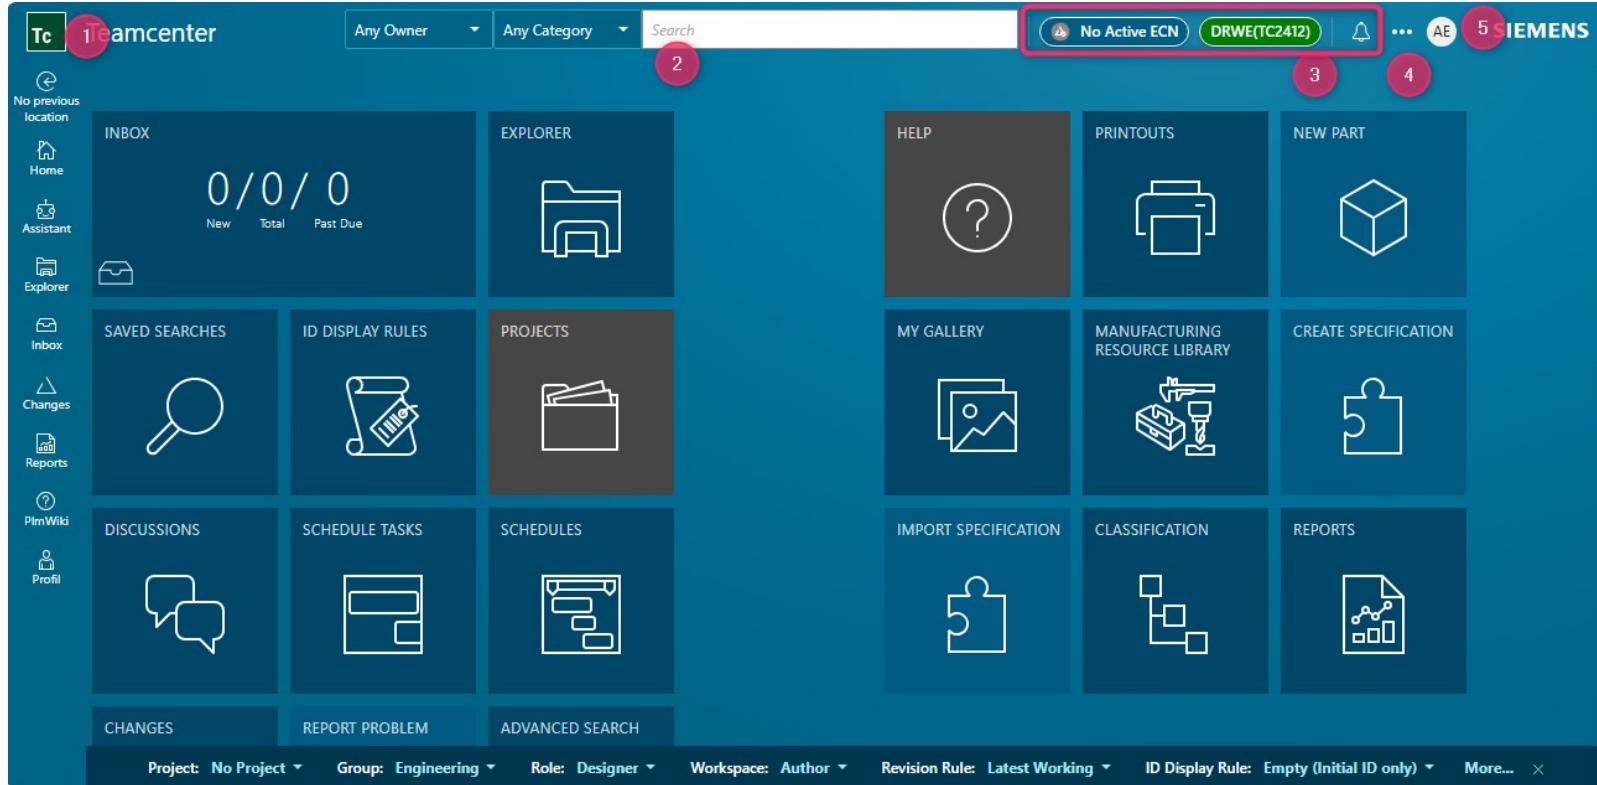

/// 1.

Active Workspace *Neues Layout*

Neues Layout

1. Globale Navigationsleiste / Anzeige von TC Location
2. Globale Suche
3. Aktive Änderungen, Umgebung und Hinweise
4. Layout, Tabellen AutoSave, Hilfe
5. Profil

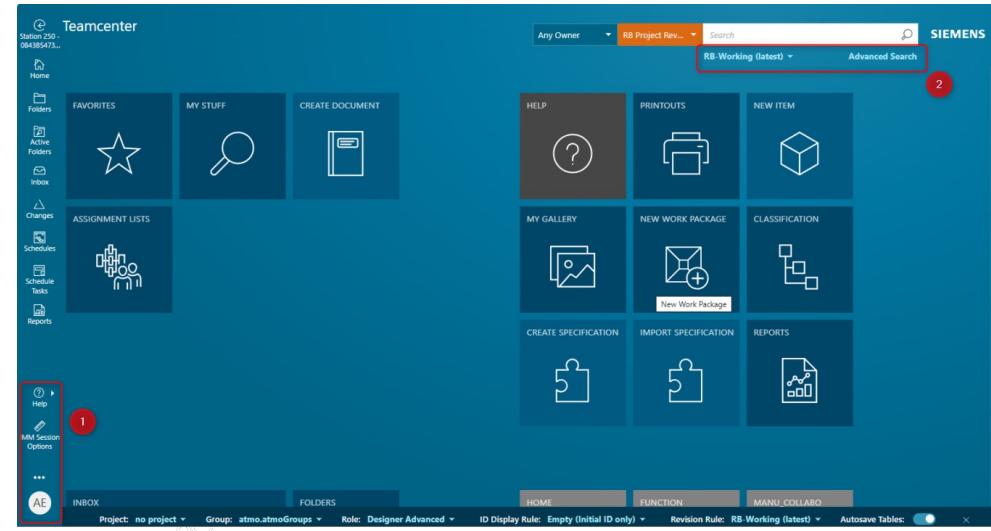

Neues Layout

Features:

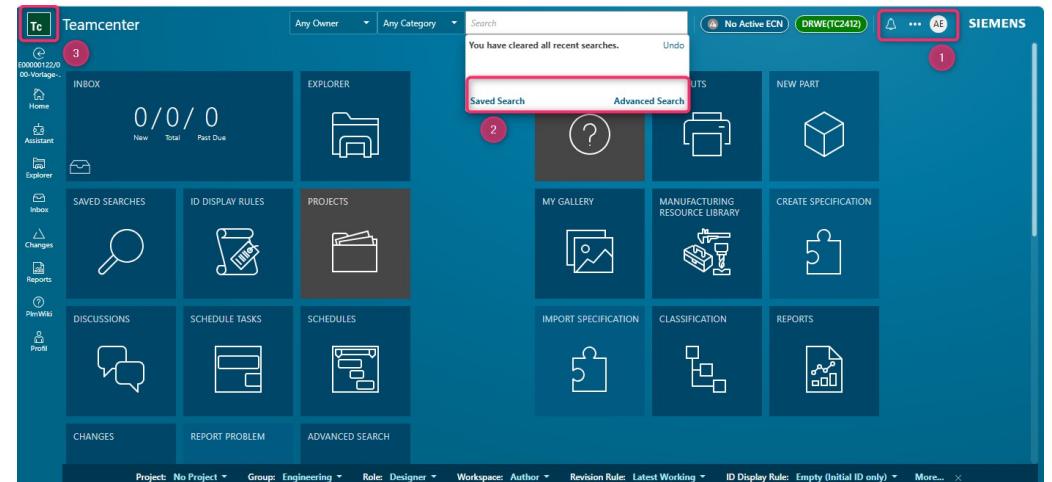

1. Umzug des Userprofils, Einstellungen, Hilfe in die globale Navigationsleiste
2. Globale Suche: Gespeicherte Suchen und Erweiterte Suche nun zusammen
3. Globale Navigationsleiste mit TC Icon

AWC 6

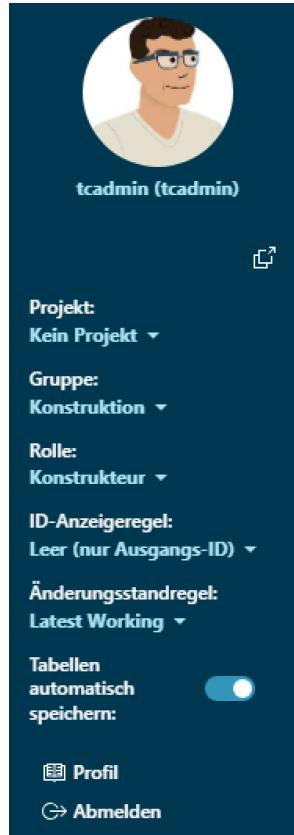

AWC 2506

Neues Layout

Über [Profil](#) erhalten Sie Informationen zu Ihrem aktuellen Projekt, Ihrer aktuellen Gruppe und Rolle.

Es ermöglicht das Anzeigen und Bearbeiten Ihrer [Profileinstellungen](#) und erlaubt Ihnen das [Abmelden](#) von Active Workspace.

The screenshot shows a more detailed profile view. At the top right are notifications for 'No Active ECN' and a bell icon. The main area displays the user's role as 'Teamcenter Admin' and 'User ID: tcadmin'. A 'Manage Profile' button is present. Below this are two columns of settings: 'Project: No Project' and 'Revision Rule: Latest Working'; 'Group: dba' and 'ID Display Rule: Empty (Initial ID only)'; 'Role: DBA' and 'Environment: nx2312_drwe'; and 'Workspace: Active Admin' and 'Client Application: NX'. A toggle switch at the bottom left is set to 'Display session settings at the bottom of the page'. At the bottom right is a 'Sign Out' button.

Neues Layout

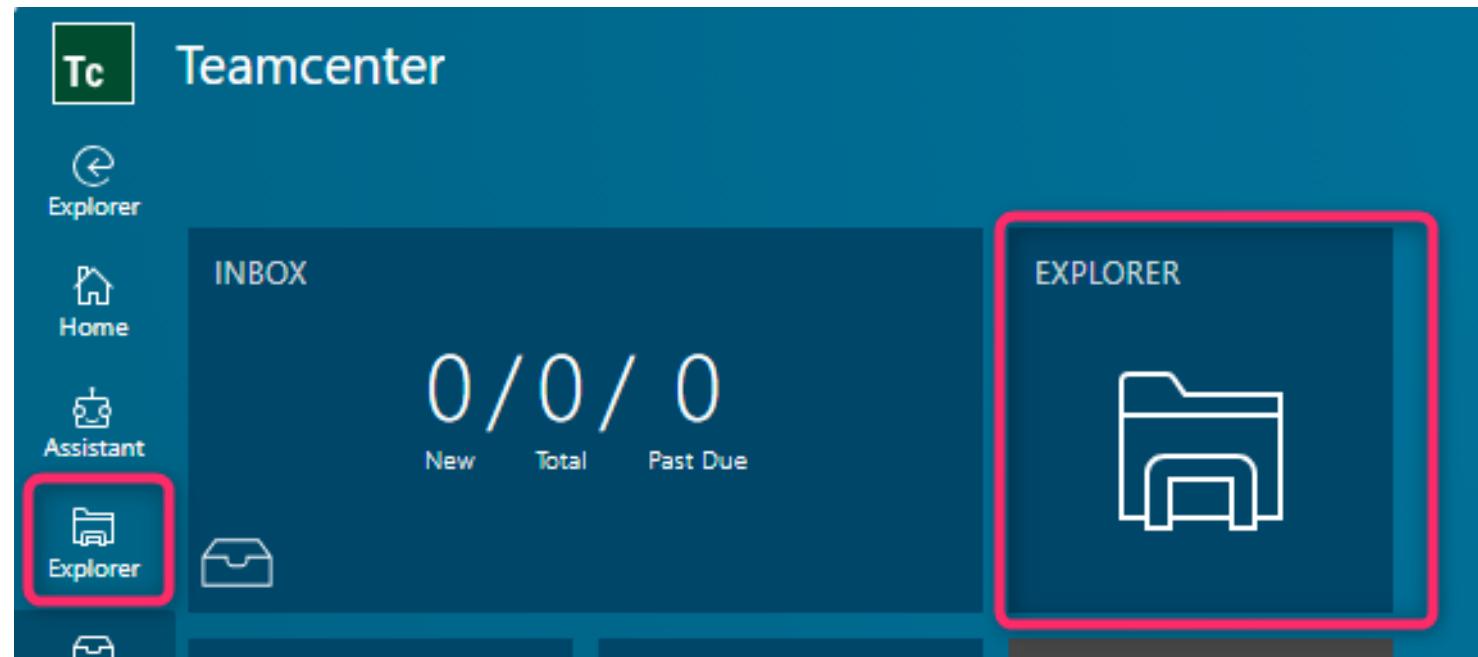

Environment Indicator

In Umgebungen mit mehreren Deployments (QA, Stage, Quality, Testing, Production) lässt sich über einen visuellen Indikator anzeigen, welche Umgebung gerade genutzt wird (Präferenz).

Neues Layout

Home heißt nun Explorer

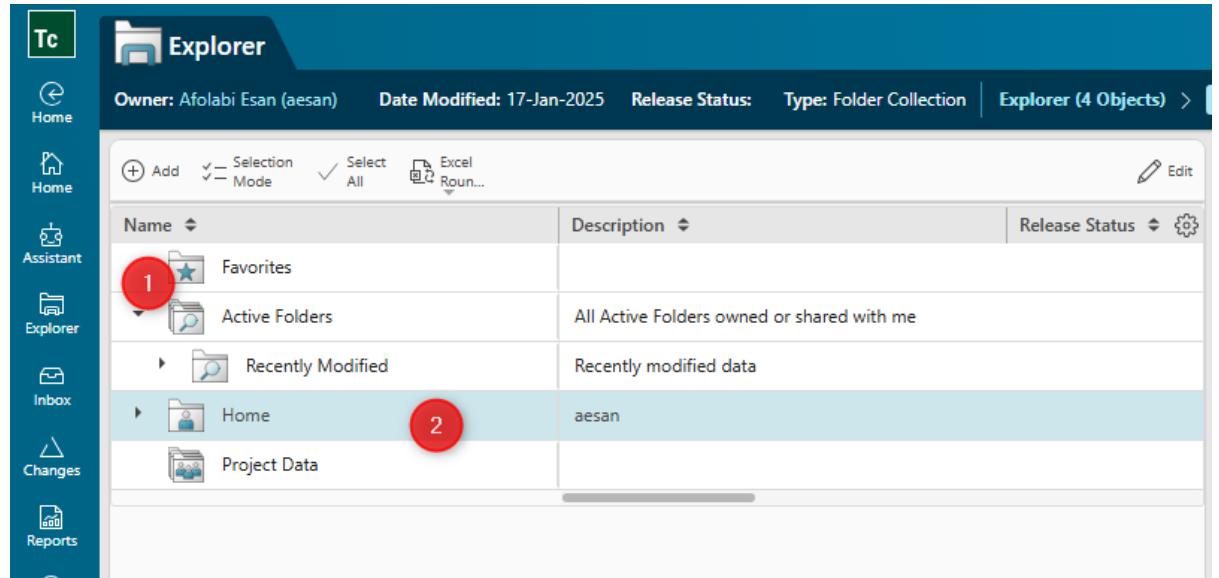

Neues Layout

Unified User Interface für den Explorer

Der Explorer öffnet nun eine Baum-Übersicht über alle Ordner

Features:

1. Favorites: Bleiben immer an dieser Position egal wie sortiert wird
2. Home: Wird ausgewählt, wenn der Explorer geöffnet wird

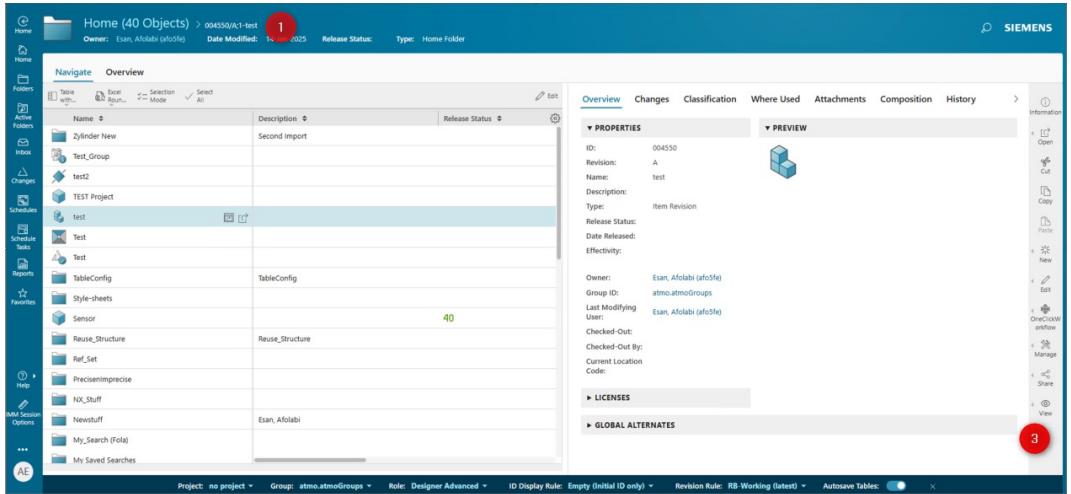

Neues Layout

Vergleich zwischen Folders und Explorer

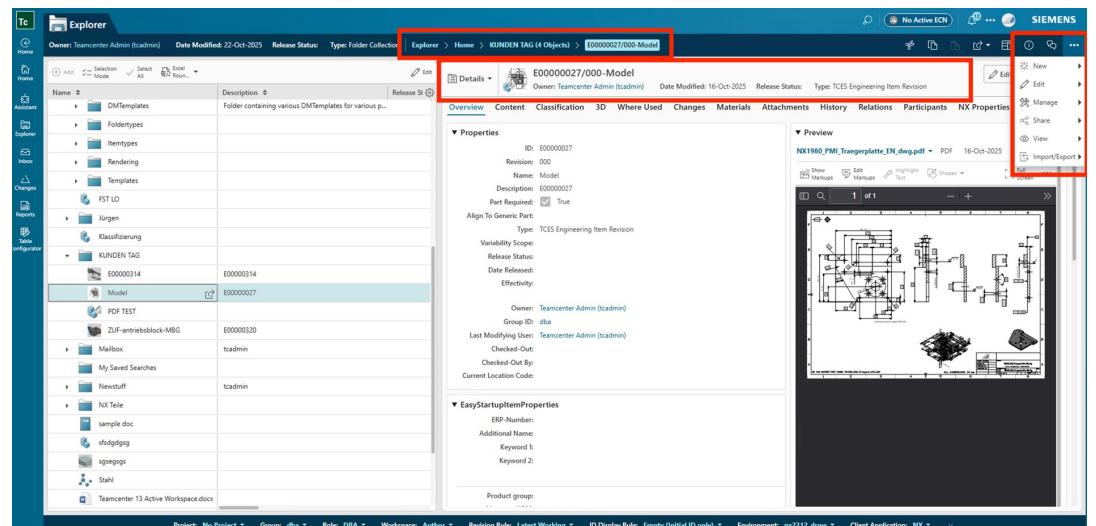

Features:

1. Breadcrumb Navigator nun im Tab inkludiert
2. Allgemeine Informationen nun oberhalb der Objekt Zusammenfassung
3. Die rechte Menüleiste gibt es nicht mehr. Alle Commands nun globalen Header

AWC 6

AWC 2506

Neues Layout

Overflow Properties: Wenn nicht genug Platz für alle Informationen in der Menüleiste ist lassen sich diese „Überblenden“

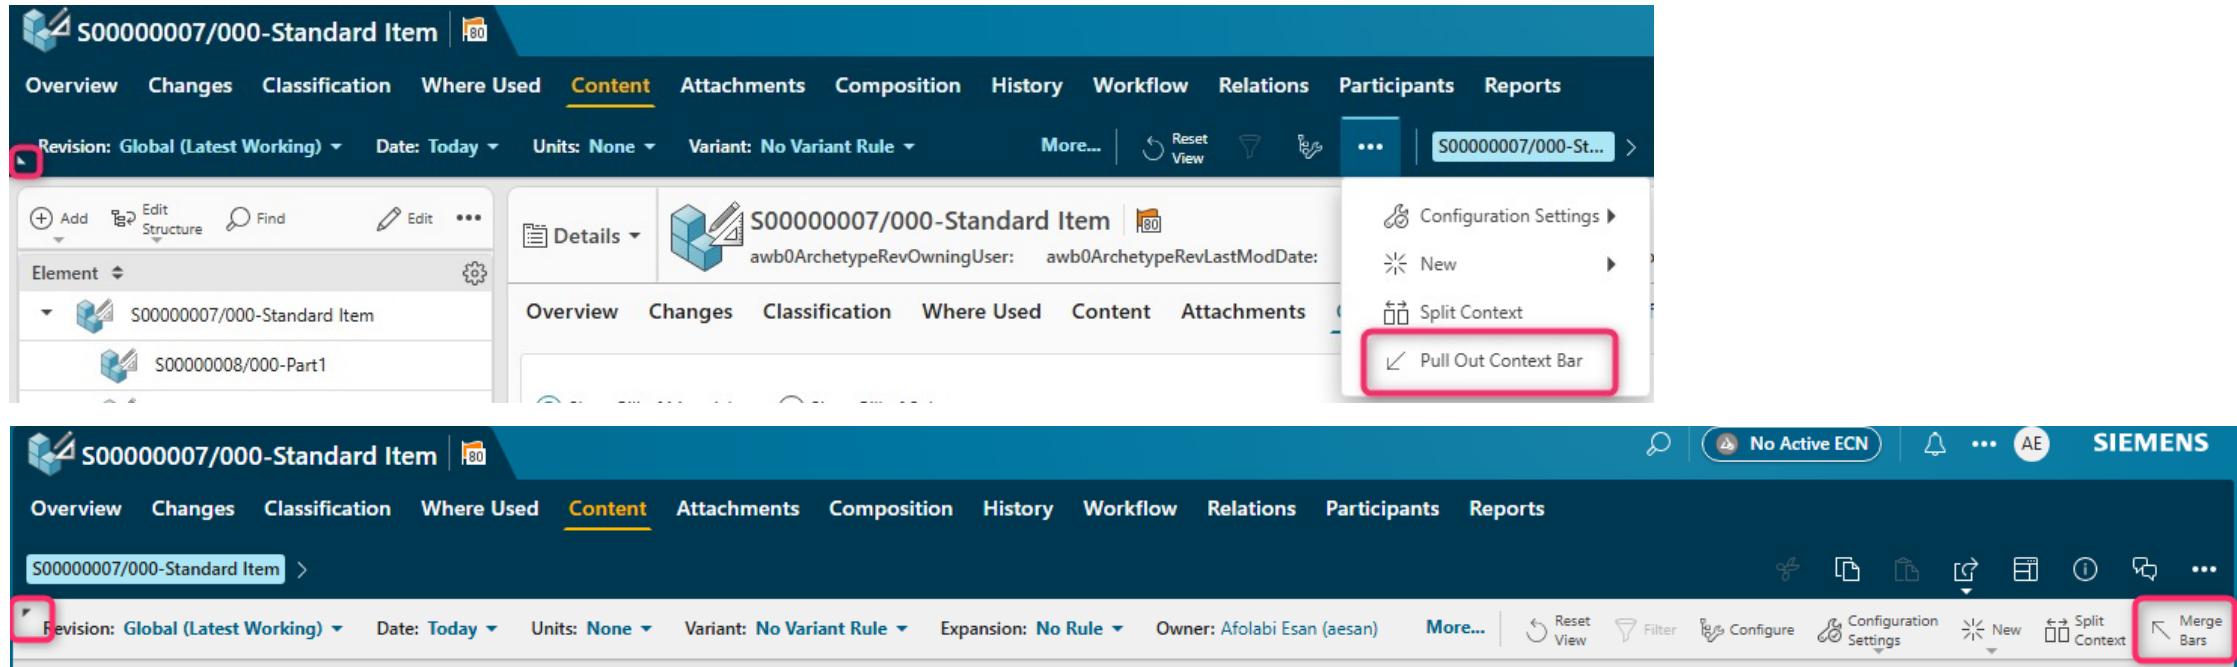

The image displays two screenshots of a software interface, likely a CAD or PDM system, illustrating the concept of overflow properties in a toolbar.

Top Screenshot: Shows a toolbar with various tabs: Overview, Changes, Classification, Where Used, Content, Attachments, Composition, History, Workflow, Relations, and Participants. The "Content" tab is active. Below the tabs, there are dropdown menus for Revision, Date, Units, and Variant. A red box highlights the "More..." button on the right side of the toolbar.

Bottom Screenshot: Shows the same toolbar after the "More..." button has been clicked. The "More..." button has been replaced by a "Less..." button, indicating that the overflowed content has been collapsed. The rest of the toolbar elements remain the same.

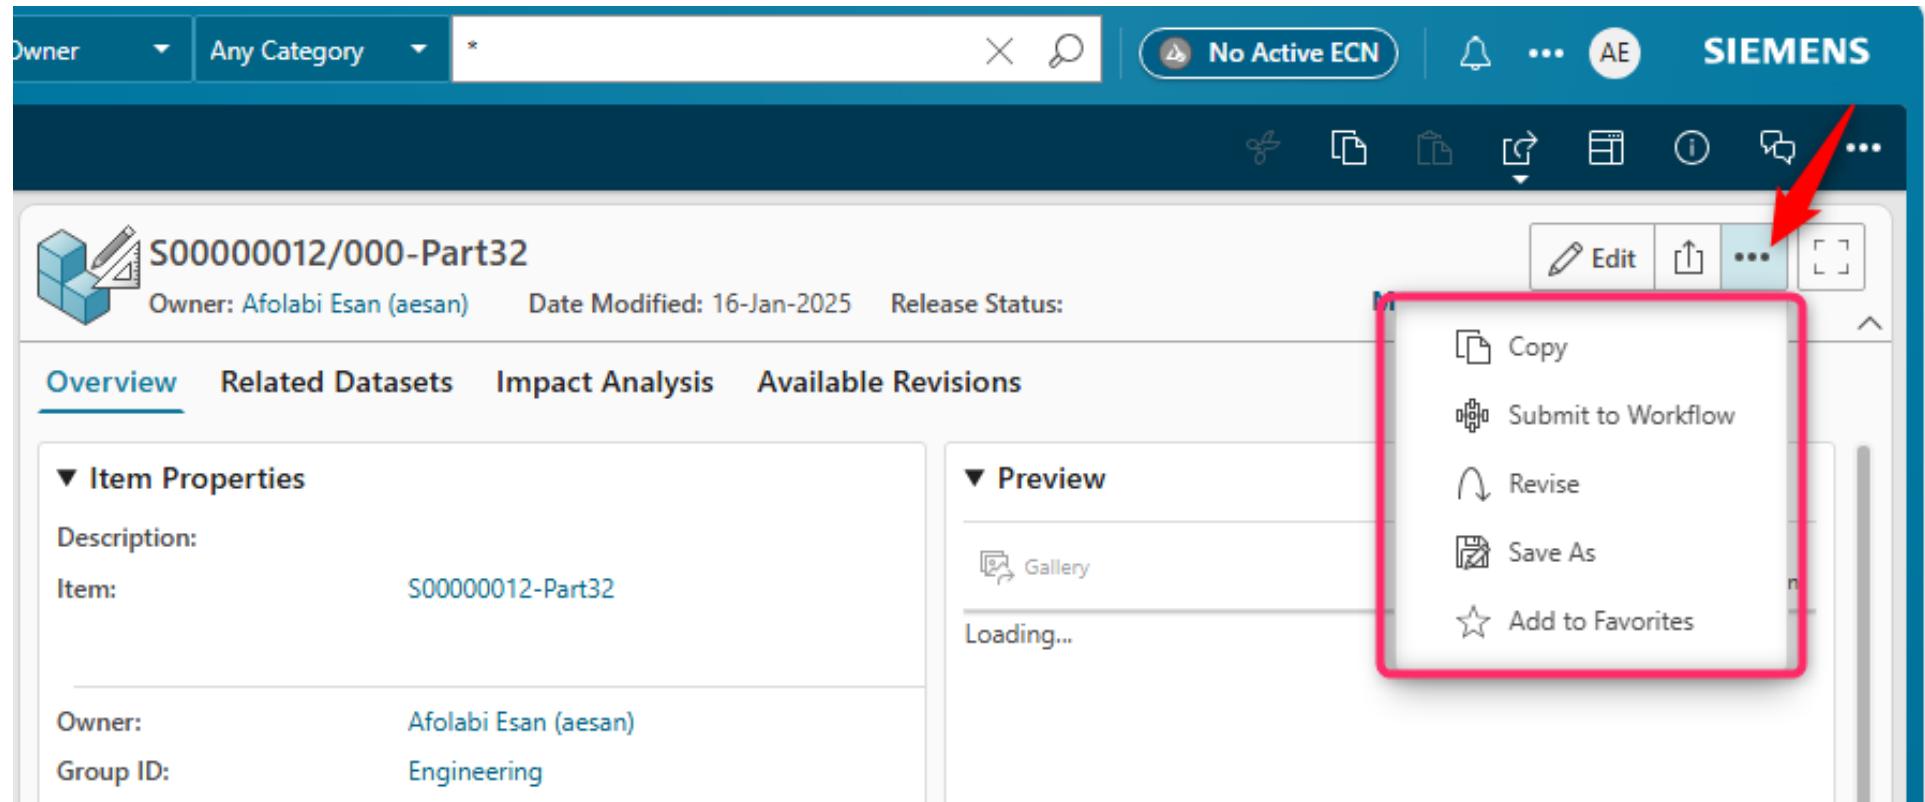

Neues Layout

Neue Anordnung in Tabellen

AWC 6

The screenshot shows the AWC 6 interface. On the left is a sidebar with icons for Home, Folders, Active Folders, Inbox, Changes, Schedules, and PmWiki. The main area has a title bar "Home (40 Objects) > 004550/A;1-test" with details: Owner: Esan, Afolabi (afo5fe), Date Modified: 14-Jan-2025, Release Status: , Type: Home Folder. Below is a navigation bar with tabs: Navigate, Overview, Changes, Classification, Where Used, **Attachments**, Composition, History, Materials, Relations, Participants, Reports. The "Attachments" tab is selected. Under "FILES", there is a list of items: Zylinder New, Test_Group, test2, TEST Project, test. A red box highlights the "List", "Selection Mode", and "Select All" buttons. To the right, there are buttons for Paste, Export To..., Add to..., and other file operations. A toolbar on the far right includes icons for Open, Cut, Copy, Paste, and others.

AWC 2506

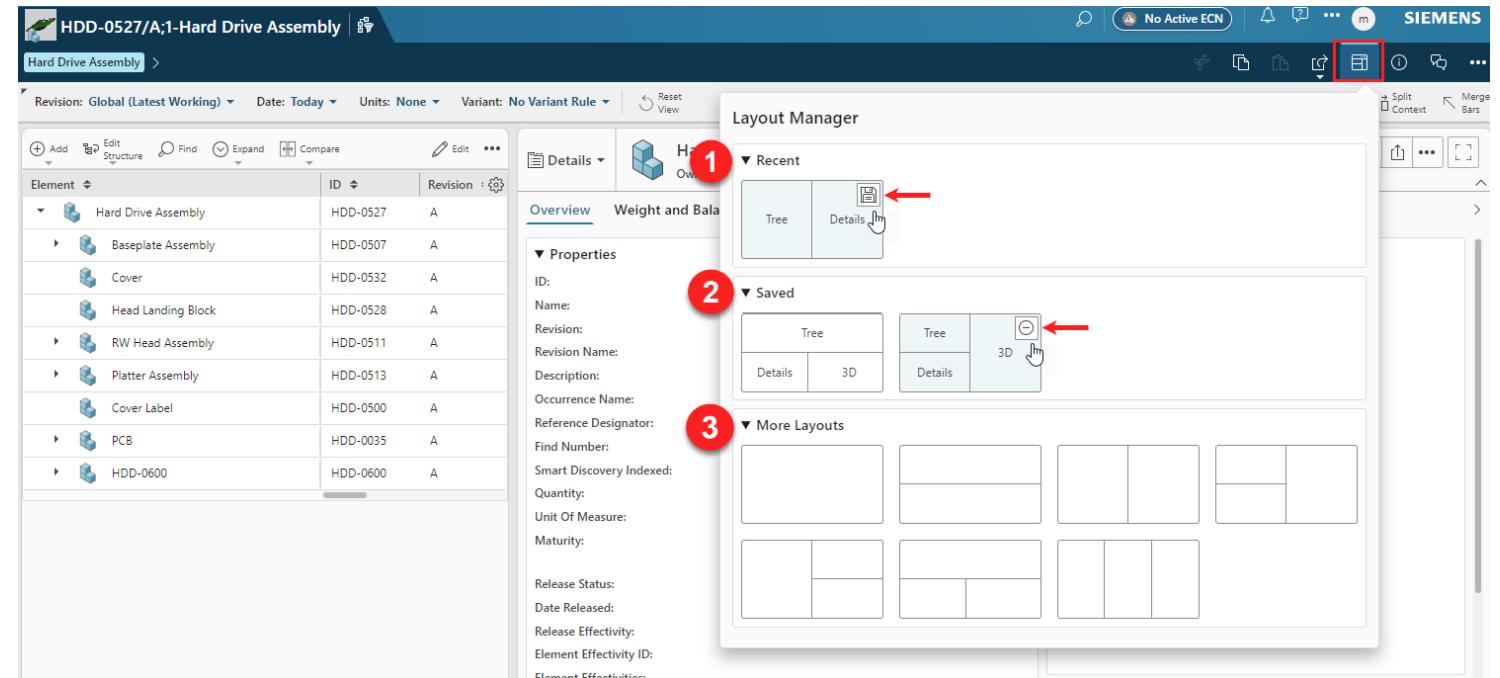

The screenshot shows the AWC 2506 interface. On the left is a sidebar with icons for Search, Home, Assistant, Explorer, Inbox, Changes, Reports, and PmWiki. The main area has a title bar "Explorer" with details: Owner: Afolabi Esan (aesan), Date Modified: 20-Jan-2025, Release Status: , Type: Folder Collection. Below is a navigation bar with tabs: Overview, Changes, Classification, Where Used, Content, **Attachments**, Composition, History, Relations, Participants. The "Attachments" tab is selected. Under "Files", there is a table with columns: Object, References, Type, Relation, Release Status, Date Released. One row is visible: Object E00000126-000, References UGPART-ATTR, Type UGMMASTER, Relation Specifications. A red box highlights the "Add", "Paste", "Export To...", "Selection Mode", "Select All", "Table", and "..." buttons. To the right, there are buttons for Selection Mode, Select All, and other file operations. A toolbar on the far right includes icons for Edit, Delete, and others.

Neues Layout

Layout Manager

Features:

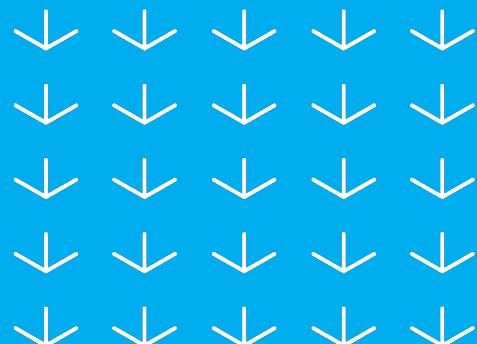

1. Zuletzt verwendet: Die zuletzt genutzten Layouts mit der Möglichkeit zum Speichern.
2. Gespeichert: Zeigt gespeicherte Layouts (max. 8). Eins löschen, um ein Neues zuspeichern
3. Weitere Layouts: Zeigt alle verfügbaren Layouts je nach Seitentyp

/// 2.

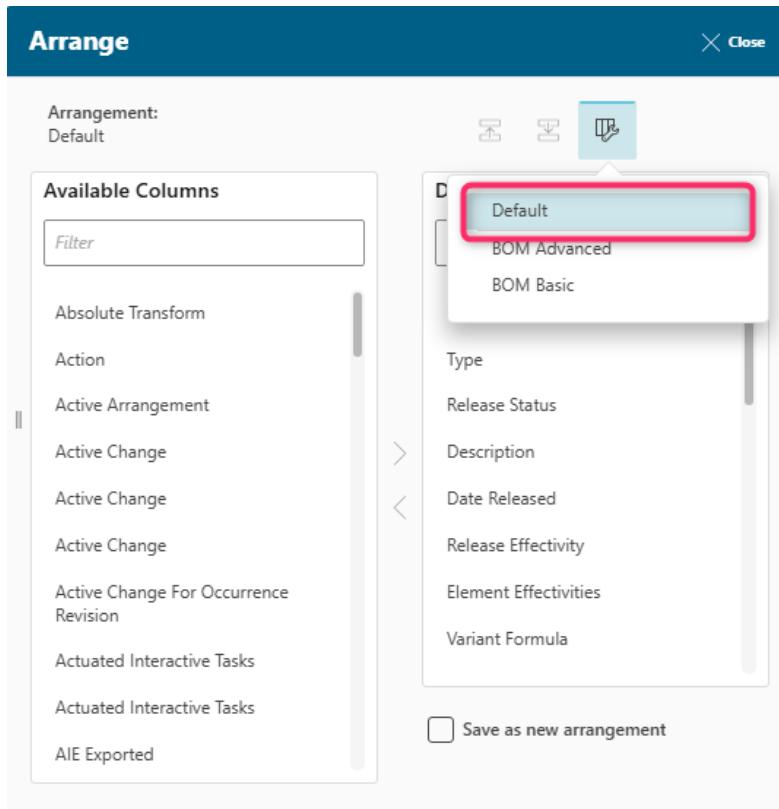

Active Workspace

Neue Funktionen

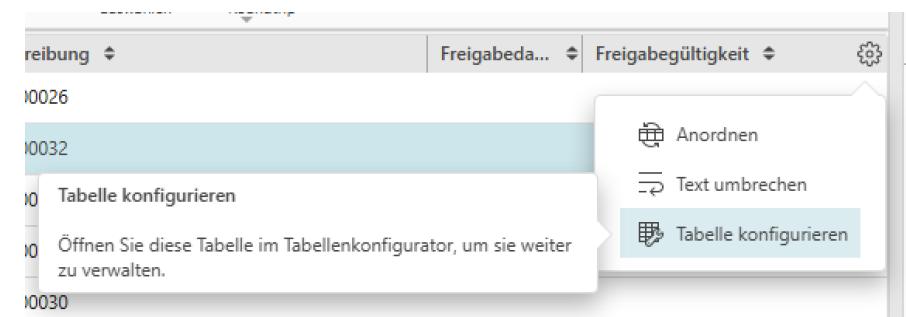

Neue Funktionen

Verbesserte Spaltenverwaltung und Tabellenverwaltung

Features:

- Drag & Drop von Spalten
- Reset der Spalten wurde ersetzt durch eine Default View

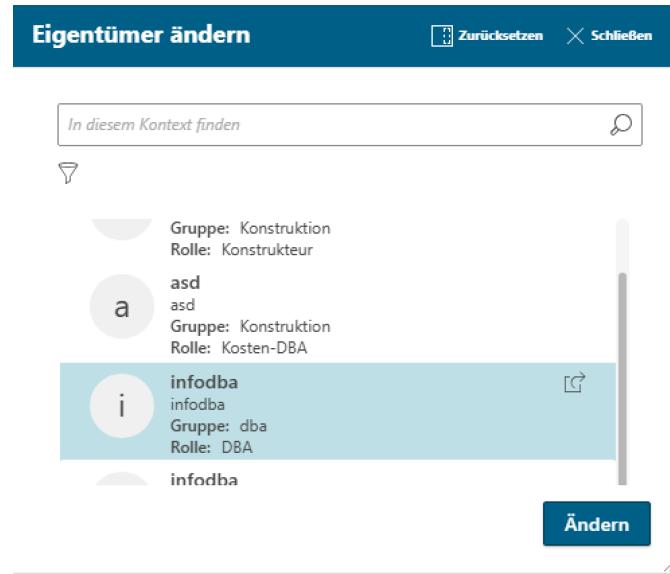

Uiconfig jetzt im Active Workspace

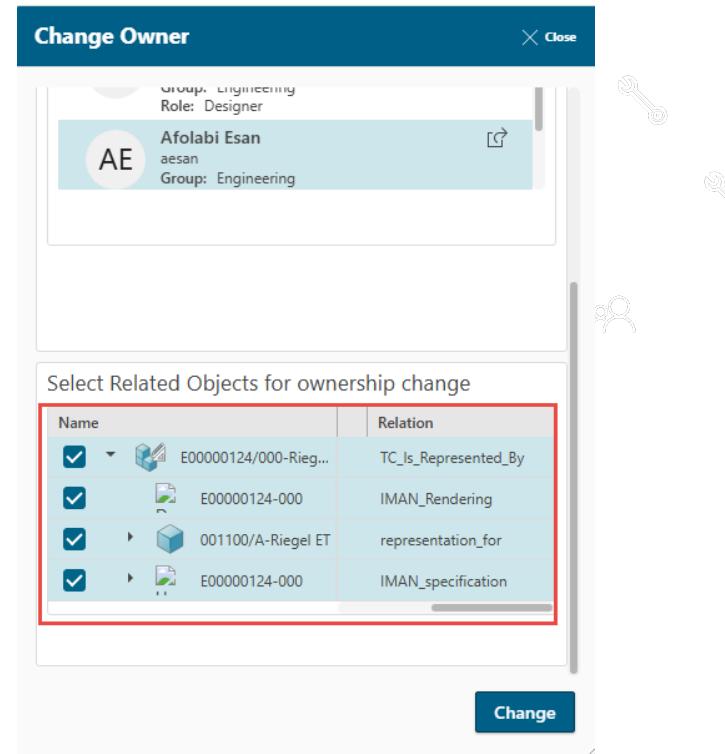

Neue Funktionen

Change Ownership

AWC 6

AWC 2506

Neue Funktionen

Diskussionen

Features:

- Greifen Sie über die neue Registerkarte „Feed“ auf Diskussionen zu, an denen Sie teilnehmen oder die Sie verfolgen.
- Die Registerkarte „Feed“ listet alle Diskussionen auf, nicht nur die für das ausgewählte Objekt.
- Lesen und beantworten Sie Diskussionen, ohne Ihre aktuelle Ansicht zu verlassen.
- Verwenden Sie die neue Funktion Quelle festlegen auf der Registerkarte Auf Objekt.
- Sehen Sie sich Diskussionen für andere Objekte an, ohne Ihre aktuelle Ansicht zu verlassen.

The screenshot displays the SAP Fiori interface for the 'Diskutieren' (Discussions) application. At the top, there's a toolbar with various icons: Filter, Konfigurieren, Konfigurationsseinstellungen, Neu, Kontext teilen, Leisten vereinigen, and a three-dot menu. Below the toolbar, the main area has a title 'Diskutieren' and tabs 'Auf Objekt' (selected) and 'Feed'. Under 'Auf Objekt', it shows object 'E00000023' with a 'Neue Diskussion' button. To the right, there are buttons for 'Quelle festlegen' (Set Source) and 'Folgen' (Follow). A large blue speech bubble icon is centered below the tabs. Below the icon, the text 'Keine Diskussionen' and 'Diskussionen werden hier angezeigt.' (Discussions are displayed here) is shown. A link 'Neue Diskussion' is also present. At the bottom, a 'Hinweis:' (Note:) section states: 'Bisher konnten Sie neue Diskussionen nur für bestimmte Objekttypen erstellen. Jetzt können Sie Diskussionen zu einer größeren Anzahl von Objekttypen, einschließlich Laufzeitobjekten, erstellen.' (Previously, you could only create new discussions for certain object types. Now, you can create discussions for a larger number of object types, including runtime objects.) On the right side of the main screen, a modal window titled 'Neue Diskussion' is open. It contains fields for 'Quelle:' (Source) with a value 'E00000023/000;1' and a 'Quelle hinzufügen' (Add Source) button. There are also sections for 'Teilnehmer:' (Participants) with a 'Teilnehmer hinzufügen' (Add Participant) button and a checkbox for 'Private Nachricht' (Private Message). A large text area for 'Meldung:' (Message) is empty. A 'Erstellen' (Create) button is located at the bottom right of the modal.

/// 3.

Active Workspace Suche

Neue Funktionen

Suchen mit natürlicher Sprache

Syntax:

- itemrevision AND "Date Modified":[2024-01-01 TO 2024-09-30] AND owner:me AND "Release Status":Released

Natürliche Sprache:

- My released item revisions modified from Jan to Sept this year

Hinweis: Muss administrativ konfiguriert werden

Neue Funktionen

Mehr Filter in den Suchergebnissen

The image displays three separate search result interfaces, each with a context menu open:

- Präfix:** Shows a dropdown menu with sorting options (Sort Ascending, Sort Descending, No Sorting) and a filter dropdown labeled "Begins with" containing the value "E00".
- Datum:** Shows a dropdown menu with sorting options and a date range filter labeled "Date Filter" set between "06-Jan-2025" and "20-Jan-2025".
- Nummern:** Shows a dropdown menu with sorting options and a filter dropdown labeled "Equals" containing the value "1".

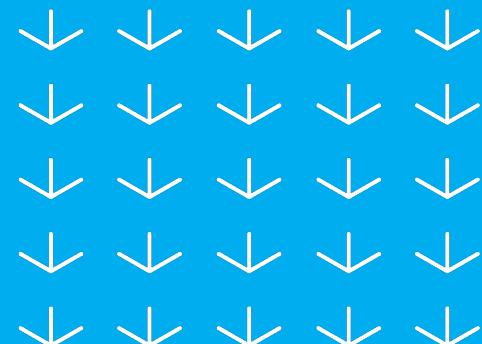

A screenshot of a context menu with the following items:

- Release Status
- Arrange
- Wrap Text
- Keep Filters** (highlighted with a red box)
- Clear all filters

/// 5.

What's new TC2506

Relations Tree

The image consists of two side-by-side screenshots from Siemens software, both featuring a red box highlighting the 'Tree' view mode.

Screenshot 1: Relations Tree View

This screenshot shows the 'Relations Tree' interface. At the top, there's a navigation bar with 'Relations Tree' and 'Home'. Below it is a table with columns for 'Object' and 'Type'. The first row shows '033673/A;1-AWTest_ChangeOwnership...' as an 'Item Revision'. The second row, which is expanded, shows '033678/A;1-Singulated Die' as a 'Singulated Die Revision'. This row has several child items: 'Specifications', 'Represented By', 'Vendors', 'Vendor Parts', 'Materials', 'Materials for coating', 'Representation For', and 'Aligned Parts'. The entire list of children is highlighted with a red box.

Screenshot 2: Execute Change Task

This screenshot shows the 'Execute Change' task dialog. At the top, it says 'Type: Condition Task'. Below that are tabs for 'Overview', 'Attachments', 'Workflow', and 'Assignments'. The 'Overview' tab is selected. It contains sections for 'Action' (Name: Execute Change, Task Instructions: Execute the changes and create or revise data. When you are done, select the appropriate button, either Release Change or Cancel Change., Workflow Description: ChangeNoticeRevisionDefault WorkflowTemplate : ECN-000317/A;1-CH1), 'Comments' (an empty text area), and two buttons: 'Cancel Change' and 'Release Change'. To the right of the main content is a sidebar titled 'Targets'. It lists various objects under 'Object': 'ECN-000317/A;1-CH1' (Change Note), 'Problems' (containing '037622/A;1-Part D'), '049344/A;1-049344B', 'Impacted' (containing '037622/A;1-Part D', '039753/A;1-T1'), 'Solutions', 'Change References', 'Plans', and 'Implements'. A dropdown menu next to 'Select All' shows options: 'List', 'Table', 'Images', and 'Tree'. The 'Tree' option is highlighted with a red box.

Anzahl Objekte (Ordner oder Query)

The screenshot shows the Siemens Teamcenter Explorer interface. The top navigation bar includes the 'SIEMENS' logo, a search bar, and various tool icons. The main area displays a 'Details' view for a folder named 'By My Group'. The folder's properties are listed, including its name, description, owner ('ed (ed)'), and creation date ('05-Mar-2025'). A red arrow points to the 'Contents (1907)' section, which lists six items: 'High Carbon Chromium Steel (AISI 52100)', 'Low Carbon Steel (AISI 1010)', 'Cage/Retainer', 'Nitrile Rubber (NBR)', 'Seals', and 'Inner and Outer Races'. Each item has a small icon and is owned by 'ed (ed)'. The left sidebar shows a tree view of 'Active Folders' and other navigation links like 'Favorites', 'Recently Modified', 'By Me', 'Home', and 'Projects'.

| Name | Description | Owner |
|---|-------------|---------|
| High Carbon Chromium Steel (AISI 52100) | | ed (ed) |
| Low Carbon Steel (AISI 1010) | | ed (ed) |
| Cage/Retainer | | ed (ed) |
| Nitrile Rubber (NBR) | | ed (ed) |
| Seals | | ed (ed) |
| Inner and Outer Races | | ed (ed) |

Anpassbare Spalten Optionen

The screenshot shows a software interface for managing a folder named "Home". The top bar displays "Details" and the folder icon. Below it, the folder name "Home" is shown along with its owner "ed (ed)", date modified "05-Mar-2025", release status, and type "H".

The main area is divided into two sections: "Properties" and "Contents (18)". The "Properties" section lists the folder's name, description, owner, and group ID. The "Contents" section displays a table with columns "Object" and "Type". The table lists various items including "038950/A;1", "038978/A;1", "039010/A;1", "033674/A;1-a", "038825/A;1-duplicate_n...", "Mailbox", "Newstuff", and "test".

A context menu is open over the "Owner" column header, listing options: "Sort Ascending", "Sort Descending", "No Sorting" (which is selected), "Hide Column", and "Freeze".

To the right of the table, there is a "Contains" sidebar with a search bar and a "Show Filters" toggle switch. A list of filters is shown, each with a checked checkbox and a label: "(Select All)", "1D Model Revision Master", "CFx_Custom_Relation_ItemRev", "Folder", "Item Revision", and several entries starting with "ed (ed)".

At the bottom of the sidebar, there are "Clear" and "Filter" buttons, with a red box highlighting the "Filter" button.

Search and Indexing

- Finden und Filtern mit Teamcenter Copilot
 - AI Chat ist jetzt Teamcenter Copilot
 - Neu: Zusammenfassen von offenen Vorgängen/Dokumenten
 - Neu: Filtern in einer offenen Baugruppe mit natürlicher Sprache -> „Entferne alle Filter“
- Finden von Parts mit hochgeladenen Bildern (Teamcenter Part Search mit Microsoft Azure)
- Query Builder
 - Auswahl von unreferenzierten Eigenschaften
 - Rückwärtsreferenzen

Attribute Level Security

Granulare Steuerung über den Access Manager und Stylesheets

The image displays three side-by-side screenshots of a software interface, each representing a different user role: Manager, Designer, and Manufacturer. Each screenshot shows a product record with various attributes and their values. The attributes are categorized under a 'Properties' section.

Manager View:

- Properties:**
 - ID: 033666
 - Revision: A
 - Name: Grinder System
 - Description: Integrated Coffee Grinder System with Conical Burr
 - Status: Released
 - Material: Stainless Steel
 - Commodity Code: 850940 (highlighted with a green border)
 - Counties of Sale: US, CA, GB
 - Unit Weight: 80
 - CAD Symbol Assigned: Yes
 - Manufacturing Finish: Polished Stainless
 - Fabrication Sites: MX, MA
 - Tooling Ready: Yes
 - Packaging Substrate: CRB
 - Package Copy: Approved, Localized
 - UPC: 622348847965

Designer View:

- Properties:**
 - ID: 033666
 - Revision: A

Klassifizierung im Query Builder

Es lassen sich nun auch Classification Views im Classification Manager erzeugen.

The screenshot displays two windows from the Classification Manager:

- Item Revision Screen:** Shows basic details like Name (Item Revision), Search Type (Item Revision), and Criteria. The Criteria section contains two AND clauses: one for <TA_TURN_10_10>:IMAN_classification.-40107 and another for <TA_TURN_10_10>:IMAN_classification.-40925, both comparing "OD Turning > Company Code" to a value, with operators = and = respectively.
- Add Clause Dialog:** A modal window titled "Add Clause" with the "Classification" tab selected. It shows a search bar for "OD Turn" and a tree view under "Classes (Manufacturing...)". The tree navigation path is: Manufacturing Resource Library > Tools > Assemblies > Turning > Turning, where "OD Turning" is highlighted. To the right, a panel lists classification properties: Tool Description, Collision Data, NX Tool Type, Minimum Bore Diameter, Company Code (which is currently selected), and Trackingpoints. Below this is a "Properties" section with a "keywords" input field and a "Company Code" section containing fields for Company Code, Warning Time, Default Tool Life, Tool Material ID, and Grade Manufacturers Designation.

Microsoft Office Integration

- Speichern von Office Dateien direkt nach Teamcenter
- Wenn ein User in einer Office Applikation auf Speichern drückt wird die Datei nicht mehr lokal, sondern direkt in TC gespeichert
(Dateien können dann nicht mehr lokal gespeichert werden)

- Drag und Drop von .msg Dateien (E-Mail) erzeugt ein E-Mail-Objekt in Active Workspace

BOM Management
